Top Career Counsellor

Established in 2006 and based in Pune, Maharashtra, Abhinav Career Scope is a trusted career guidance and counseling service dedicated to helping students make informed decisions about their future. With a unique assessment program, we understand students' needs at every stage, guiding them to the most suitable career path based on their aptitude, multiple intelligence, interests, strengths, priorities, study habits, learning style, adjustment levels, ambition, and thought process.

Our proprietary career recommendation engine goes beyond just personal aptitude; it considers external factors such as opportunities, eligibility, personal circumstances, available time, skills, financial aspects, budgets, family structure, and demographics. With these insights, our expert counselors provide personalized guidance, ensuring a well-planned future for every student.

Over the years, Abhinav Career Scope has successfully assisted **more than 10,000 students** in securing admissions to top institutions in Engineering, Medical, Pharmacy, Architecture, Design, and 11th-grade admissions, aligning their choices with their scores and aspirations.

ABOUT US

Mrs. Reena Bhutada

Director & Chief Career Counselor

Mrs. Reena Bhutada, a seasoned career counselor, holds an MSc in Physics from Fergusson College.

*With a background in IT, she has worked with leading companies such as HSBC Software, Cybage Software, Abhinav IT Solutions Pvt Ltd, and Zensoft. She is also the author of the **Engineering Cutoff Book**, published annually since 2012.*

At Abhinav Career Scope, Mrs. Bhutada provides expert counseling for admission processes in Engineering, Medical, Architecture, Design, 11th-grade admissions, and aptitude-based counseling for 8th and 12th-grade students. She specializes in one-on-one career counseling, motivational sessions, and goal-setting consultations, helping students and parents navigate the complexities of career selection with clarity and confidence.

With a commitment to shaping bright futures, Abhinav Career Scope continues to guide students, empowering them to achieve their career goals with the right knowledge and direction.

HOW

PARENTS CAN HELP KIDS

1

Support your child in exploring different interests and ideas to help them discover their passions.

2

Promote open communication by ensuring your child feels comfortable sharing their thoughts and aspirations.

3

Establish clear rules, but allow your child the freedom to make decisions, helping them build independence.

4

Encourage your child to develop decision-making skills by letting them make small, manageable decisions on their own.

5

Help your child explore hobbies, sports, or creative activities to broaden their interests and skills.

6

Offer guidance without criticism. Instead of nagging, ask helpful questions to support their growth.

APTITUDE TEST TESTIMONIES

M Prachi Kulkarni

I had the opportunity to meet Reena Mam for career counseling for my daughter two months ago. The aptitude test conducted was thorough and practical, offering valuable insights. Mam gave sincere and honest feedback, suggesting career options that were well-suited to my daughter's aptitude, interests, and abilities. She also offered practical advice on areas that needed improvement. After implementing her suggestions, we saw noticeable progress. Thank you, Reena Mam, for your invaluable guidance!

Abhijeet Gandhi

We have availed of consultation from Abhinav Career Scope when we were looking at career options for our kid. Reena mam patiently explained all the career choices based on our kids aptitude. She also suggested various study methods which helped us a lot. We would definitely recommend Abhinav for all your educational consulting requirements. Her various WhatsApp groups helped us in keeping up to date. We have also joined paid admission groups where all the relevant information is regularly posted and all the questions are answered. Thank you very much Mam for your guidance

SAGAR RATHI

We are forever indebted to Abhinav Career Scope and Specially Reena Bhutada Mam. It all started with 1st kid in our family when he was in 8th grade. Psychometric Tests and powerful counseling made choices clear and easy for him and us as a parent. There after all children in our family and friends were counselled by Reena Mam. We are happy with positive feedback of everyone. Thank you Mam for constant and timely support.

Sayali Joshi

I had a delightful session with Mrs. REENA BHUTADA at Abhinav Career Scope today. I approached her to seek guidance for my daughter studying in std. 12. Having my daughter scientifically evaluated for aptitude, personality, interest, study habits, and personal aspirations, she recommend best career options. Needless to say that she also guided us on the information about best institutes offering the courses, the eligibility to get into those, kind of entrance exams to appear for, and etc. She established a strong rapport with my daughter and was kind enough to listen to our concerns as parents and consider the same while providing her recommendations.

Not restricting counselling session only to the career guidance, Mrs. Reena identified the shortcomings of the current study habits being practised and provided us with reasonable solutions to overcome the same. She firmly believes that despite the shortfalls, every person has a potential to achieve a great career, provided one puts in a good amount of smart work in what one does!

Thank you madam for setting up a goal for my daughter and for your professional and able guidance.

-Dr. Sayali Deshpande-Joshi

GROUP TESTIMONIES

PARENT TESTIMONY

Hello All, Greetings for the day..!

Abhinav Career Team has provided excellent counseling & guidance on the engineering admission process. Their proactive approach, awareness of situation, up to date knowledge is commendable. Specially the brilliant insights in the MHT CET process is exceptional.

**Sameer
Walavalkar**

I wish them best of luck & thank for their contribution in student's career & profile building.

PARENT TESTIMONY

**PREM
SIKCHI**

Trust, from the day we got engaged with Abhinav Career Scope, it was a proper hand holding with detailed knowledge of admission, cutoffs, best institutions and pros & cons of whatever we had questioned for. Really would recommend to go for career guidance from the time you come to know about them for hassle free, through inputs for all your ifs & buts....All The Best, Team Abhinav Career Scope....

5 COURSES TO DO AFTER BCOM, BBA/ BMS FOR HIGHER SALARY

- Chartered Financial Analyst (CFA)
- Certified Public Accountant (CPA)
- Financial Risk Manager (FRM)
- Chartered Accountant (CA)
- Certified Management Accountant (CMA)

TOP 5 COURSES OPTION AFTER BBA

- MBA
- Bachelor Of Law (LLB)
- Masters
- Master Of Management Studies (MMS)
- Post Graduate Diploma In Management (PGDM)

TOP PROFESSIONAL COURSES AFTER 12th FROM ANY STREAM

- **Management Courses**
(BBA, BBM, BMS, BHM, Event Management)
- **Design & Creative Arts**
(Fashion Designing, Interior Designing, Graphic Designing, Animation & Multimedia)
- **Media & Communication**
(Mass Communication & Journalism, Digital Marketing, Photography & Videography)

WHY MATH IS YOUR KEY TO A BRIGHT FUTURE

Math isn't just about numbers—it's the foundation of most competitive exams. Fields like engineering, finance, economics, and artificial intelligence rely heavily on mathematical concepts. By studying math, you keep countless career paths open, ensuring access to high-demand, rewarding jobs.

Beyond careers, math sharpens logical reasoning and problem-solving skills, helping you analyze situations and make sound decisions in everyday life. These analytical abilities are highly valued in the job market, especially in tech, research, and finance.

Additionally, top universities in the abroad often require math for entrance exams. So, mastering math isn't just an academic choice—it's a strategic move toward a successful future!
